25X1A 1. [REDACTED] has now left for [REDACTED] after spending  
[REDACTED] He will probably have given  
you a report on his activities, but I should like to add that  
I have heard several favorable comments about him from  
25X1C8d members of [REDACTED] I might also add that I too was quite favorably  
impressed with his performance here. He seems to be serious,  
intelligent, and energetic.

2. He mentioned that he might come [REDACTED] when  
you are here in June. I think that is an excellent idea since
